KEYSHIA KA'OIR
MODELING PROJECT

Kwameika "Kelly" Kellyman, 23
AKA "The Sneaky One"
Location: Washington, D.C

BIO:

- Kelly has been modeling on Instagram for three years and says she gained a large following quickly after posting bikini pics.
- At first glance she appears to be kind and sweet, but she will sabotage and set up others to fail in her true "sneaky " fashion to ensure she comes out on top.
- One thing she can't stand is "snitches." While living in LA, she lived in a house with eight people. Kelly broke one of the rules and one of the residents told. This upset Kelly and she started stealing the woman's things one by one just to prove the point that she's not to be messed with.
- Kelly was born and raised in Washington D.C. and she's the last of six children. She's Jamaican and speaks three languages: Patwa, French and English and says if you piss her off she'll curse you out in all three.
- She has been featured in music videos for Chris Brown, School Boy Q and Future.
- Kelly started her own hair company, K Bella hair and sells wigs, weaves and closures.
- She is ready to take this competition by storm and prove to the world she has what it takes to be the next big name in the modeling world.
