

ALONE WITH THE *DEAD*

DR. ERIC CHAGHOURI
PSYCHIATRIST
LOS ANGELES, CA

CREDENTIALS:

- Dr. Chaghouri is a board certified psychiatrist with extensive experience in anxiety, stress, trauma, and panic disorders. He also specializes in forensic psychiatry and has worked with patients in the prison system.
- He earned his medical degree from the Keck School of Medicine at the University of Southern California where he also served as Chief Resident in psychiatric emergency services.
- His clinical work focuses on the treatment of co-occurring psychiatric disorders. He also has extensive experience consulting and providing expert opinions for individuals standing trial.
- He uses a blend of psychodynamic therapies and behavioral/cognitive therapies to help his patients.

FAST FACTS:

- He pursued psychiatry as a career in order to cope with his own family dynamics growing up.
- He enjoys working within the prison system and with more dangerous individuals. He feels that everyone has the potential to change in a more positive direction with the right therapy.
- He's worked with many individuals struggling with drug addiction and often connects addiction with behavioral disorders.
