

## HOMEOWNERS

### OSCAR & DARON QUINTERO

**AGE:** 45 & 50

**LOCATION:** 7751 Bonner Ave, Sun Valley 91753

**BUDGET:** \$5K

#### THE ROOM:

- At Oscar and Daron's house, they have a back room that was added on by the previous owners. It's an awkward layout, which is why they haven't used the room properly. Currently it's their "everything" room and a place for their dog to lounge.
- Ideally, they want this backroom to transform into their master bedroom since it's the only room that has a bathroom attached. Oscar has a hard time getting rid of items that have *any* sentimental value to him, which is one of the reasons the room is a mixture of everything.

#### BACKSTORY:

- Daron and Oscar couldn't be more different from each other. Oscar grew up in California with a large and loud carefree family, and Daron grew up in Tennessee and was in the military. They have a one-year-old baby boy and have been married for four years.
- They originally were going to have twins through a surrogate, however they lost one of the babies during a miscarriage. The ideal plan is to have Oscar and Daron move into the back room and turn their current bedroom into another nursery for the next baby they plan on having.
